

# Highlights for 2017

+ We made progress on a number of our sustainability priorities in 2017. These are some of the highlights.

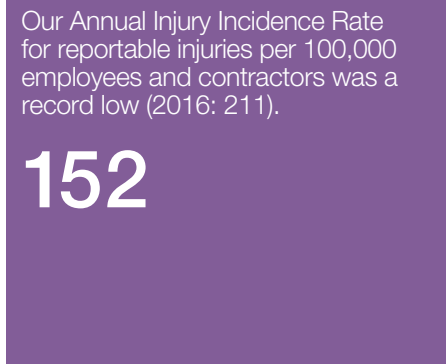

Total UK home completions (including JVs) increased by nearly 5% to 14,541 homes.

**14,541**

Almost one-fifth of our homes were designated affordable.

**19%**

Our Annual Injury Incidence Rate for reportable injuries per 100,000 employees and contractors was a record low (2016: 211).

**152**

We have reduced our carbon emissions intensity by 38.7% since 2013, meeting our target a year ahead of schedule.

**38.7%**

We have increased the proportion of women on our Board to 30% by February 2018.

**30%**

We achieved our highest employee engagement score in our annual staff survey.

**93%**
